AWARD WINNING SPIRAL STAIRS

“**enzie**® IS A SYSTEM WHICH PROVIDES SAFE, QUALITY STAIRS EASILY INSTALLED AND ASSURES LONG TERM VALUE.”

Free Design Service

From your plans, sketches and measurements, let us give you an obligation-free design to help you visualise your spiral stair. **enzie**® Data Sheets give full technical information and sizes.

Easy Installation

Truly modular, the **enzie**® stair components are supplied in a kit form with easy to follow instructions.

Steel or timber, finished for inside or outdoors

An exciting range of oven baked powder coat colours means you can match your stair to any decor. Combine with magnificent timber steps for a distinctive and natural addition to any decor.

Safe, efficient, beautiful

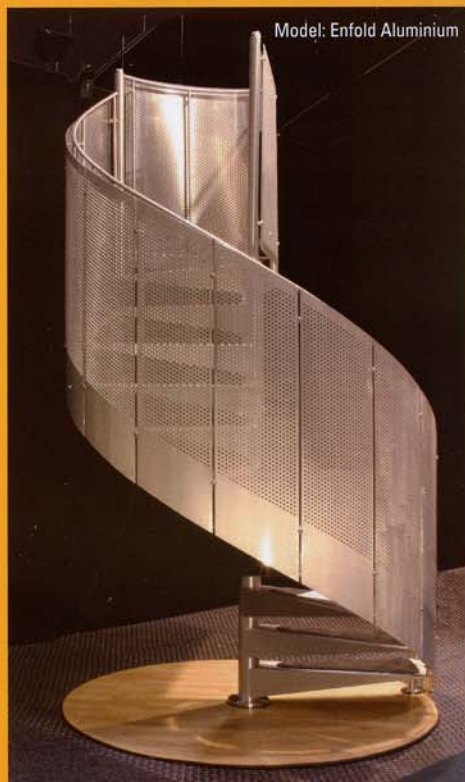

Enzie's spiral stairs have been accredited by the Building Regulation Advisory Committee for over a decade and have been given the thumbs-up by ABSAC in technical opinion no. 232. More than 7000 Enzie stairs are in service with a clean safety record.

The Enzie system provides safe, aesthetically pleasing stairs that are easily installed and quality manufacture assures you of long-term value
